Akshay surve
HR
DeltaX,
Bangalore

Dear Mr. Akshay

I was very excited when I received your mail regarding the vacancy of a Software Developer post in your company. I follow your recent blogpost and your technical Archive, i always wanted to work with a great company like this. I have revised the requirements for the post and I believe I am eligible to work as a software developer for this company. I enclose my resume as a first step in exploring possibilities of employment in DeltaX company.

I took part in Google Kick start 2019 and 2020 , google code jam 2019 and 2020. I also competed in Devengers Hack Night 2.0,3.0 conducted by Microsoft. I worked on many projects as a part of these Hackathons some of them are Face-Attendance, smart chat bot, floor management system. Among these projects FaceAttendance Project has bought me in #7 place in a hackathon conducted by Jain University. I have completed my internship at Dropbox as a part of their front end UI developer team. Apart from all these I have secured a 6th Star Golden badge for problem solving and algorithms from Hackerrank. The collective hard work which i put made me a deep thinker and tech enthusiastic. My interns and Hackathons have taught me how to develop an entire product. My coding Competitions have taught me to never give up. During these i am now well fluent to code in JavaScript, node, jquery, sql, c/c++, python3, HTML5, CSS 3, processing, p5.js, Django, express.js, php, bootstrap and dart.

I am eager to work with such a great company and warm heartedly welcome any opportunity from DeltaX. If you are interested you are free to contact me via ph. No :9741531878 or Mail: eshwar.e@gmail.com i look forward for your response.I've attached my resume for your consideration and hope to speak with you soon about your needs for the role.

Sincerely,
Eshwar
